

SEE WHAT'S NEXT IN VISION CARE – FIRST

# SWITCH

Vision Innovation Summit

EssilorLuxottica

**SWITCH is a three-day experience designed to give Eye Care Professionals a first look at the future of vision care** — where they can touch and feel the technologies transforming our industry today and understand the true potential that lies ahead.

## At SWITCH, you'll be among the first to experience:

- Advanced diagnostics and data-driven insights enabling earlier diagnostics and therapeutical interventions
- Next-generation myopia management solutions designed for long-term impact
- Wearables and connected technologies extending the value of eyewear within eye care
- Multisensory health innovations facilitating more integrated models of care
- Iconic brands bringing innovation and design together in meaningful, wearable ways

**Plus, innovation reveals you can only experience at SWITCH.**

Be among the FIRST to see what's next — and shape the future of vision care.
